Favorite word: beloved

The word that I like most from this set is beloved

beloved is an adjective

How do you say it in Russian?

It translates into Russian as deeply loved, cherished

What does it mean?

It means deeply loved or cherished.

A good synonym for beloved is dear

The opposite of beloved is hated

I find this word inspiring

because it reminds me of my grandmother who was always a beloved figure in our family. She had a warm smile and a kind heart, which made everyone feel loved and valued.
